# Zadatak 01

The figure displays three side-by-side screenshots of a web application interface, likely a grid-based catalog or search results page. Each screenshot shows a different view of the same underlying data structure.

**Screenshot 1 (Left):** Shows a main header with a generic logo and company name. Below this, a large section titled "MojWeb" contains a paragraph of placeholder text and a large image of a Samsung Smart TV. Below the TV are four smaller thumbnail images of various televisions, each with a brand logo (Samsung, Sony, Panasonic, Sharp) and a "Naruči" button.

**Screenshot 2 (Middle):** Similar to the first, but the main content area is divided into two columns. The left column contains the "MojWeb" section and the four television thumbnails. The right column contains a single large image of a Samsung Smart TV and a paragraph of placeholder text.

**Screenshot 3 (Right):** Similar to the second, but the main content area is divided into three columns. The left column contains the "MojWeb" section and the four television thumbnails. The middle column contains a single large image of a Samsung Smart TV and a paragraph of placeholder text. The right column contains a large image of a Samsung Smart TV and a paragraph of placeholder text.
